Description / Application:

Due to the completely closed top deck the K7000 pallet can be cleaned easily and leaves no room for germs and bacteria. Therefore, highest hygiene is guaranteed. Due to the sturdy construction and the grouted skids the pallets can stand heaviest loads and thus can be used multifunctionally. Entry with hand lift / fork-lift truck from all four sides. A real all-rounder - from outdoor application of a workshop to a hygiene racking system!

Further options:

- Available with or without lateral anti slip rim (K7000-SR/KO resp. K7000-S/KO)
- Individual marking
- Without minimum purchase also available in grey
- strengthening (up to 800 kg on the rack - see to item "K7000-SRV/KO")
- Lengthening and widening of the pallet to special dimensions (also see: "xs to XXL")
- Closing of the skids possible for application on roller or chain conveyors
