Material / Colour	PP- new box / grey
Volume	550 litres
Weight	32 kg
Type	Bottom and sides closed
Load capacity:	300 kg

Description / Application:

An indispensable means of support for nearly every range! Our large containers are made of new plastics and cannot only be used in industrial plants but also for in the food industry e.g. for harvests. The bottom is ripped. The smooth insides allow an easy cleaning and the sturdy design ensures highest stability so that up to 5 fully loaded boxes can be stacked. The type with skids can be emptied by forklifts e.g. using a rotator with live ring.

Further options:

- Individual marking
- Delivery also with 2 skids or 4 feet (see to items „2070-850-2KGG“ or “2070-850-4FGG“)
- Production in blue, green or red possible.
- All types can also be delivered with loading hatch.
- A perforated version is also available. (see to item „2070-...-..GD“- except the types with loading hatch).

Accessories:

- Stacking lid (see to item "2070 DG")
- Lid handle (see to item "2070-G")
- Outlet valve 3/4" (see to item "2070-AH")

*All load capacity data is only valid in case of evenly distributed load. For all indicated dimension tolerances of +/- 3 mm apply.
